ABOUT ME

I am an MSc in IT specializing in React and Next.js, with over 3.5 years of experience in creating user-friendly and visually appealing interfaces. I specialize in modern JavaScript technologies like React, Next.js, and TypeScript. My experience includes building custom applications, dashboards, and mobile-responsive designs.

I am seeking frontend developer roles that involve user interface design, modern web technologies, and teamwork on innovative projects. My technical skills include JavaScript, React, Next.js, TypeScript, Node.js, Tailwind CSS, Chakra UI, and MongoDB.

I am detail-oriented, adaptable, and passionate about learning. Collaboration motivates me, and I enjoy contributing to team success through idea exchange and innovative problem-solving.
